

To Whom It May Concern:

I am writing this letter of reference on behalf of Mr. Jonathan Levy, Principal, Beezley Management, LLC.

Mr. Levy has been working with Valley College since fall of 2001. He was referred to the College to take on the responsibility of Interim Project Manager for our \$165 million renovation and construction program until such time as the College could engage an on-site construction management (CM) firm at which time he would oversee their planning and CM activities on a daily basis.

Mr. Levy took immediate charge of the Program so that the College would not have to wait for the formal selection of the CM firm. Once that CM was selected, Mr. Levy began his role as Sr. Area Program Manager and supervisor of the work of the URS Corporation staff assigned to Valley College.

His knowledge of the construction planning and procurement process for a variety of services has been outstanding. Through his leadership and advice, the entire Project team has been able to keep on track even though there have been significant challenges with the project.

Mr. Levy has consistently demonstrated his highly qualified understanding of the total project needs and has offered a clear assessment as to how the project should proceed. In addition, he has helped me and my staff to better understand the business of planning and construction as distinguished from the business of education to which we are accustomed. I am convinced that we would not have made the progress we have made to date had it not been for his leadership, education and problem solving.

I would highly recommend Mr. Levy as an owner's representative or construction consultant in any planning, design and construction projects. His expertise in the field will make a decided, positive difference in getting the job done correctly, on time and within budget.

Sincerely,

Dr. Tyree Wieder
President
